"... Out of the ground and into the light, a child of the sun ... the college of tomorrow." Frank Lloyd Wright spoke these words about the campus we have come to know so well — Florida Southern College.

Although it is famous for its outstanding and imaginative architecture, the campus is more than a collection of buildings. Within the walls of those buildings tomorrow's doctors, teachers, journalists — the minds of tomorrow's leaders — are continuing that "tradition of excellence" that is associated with F.S.C.

Branscomb Auditorium is not just that place we spend one Wednesday every month for Convocation. It is the home of one of the most outstanding Fine Arts series to be found anywhere. It is also the testing ground for talented young students in the theatre and music departments.

The Roux Library, which some students are still desperately seeking, provides us with the materials and opportunities to expand on the things we have learned from our professors in our various classes; or it offers the chance to relax and read a favorite magazine or hometown newspaper.

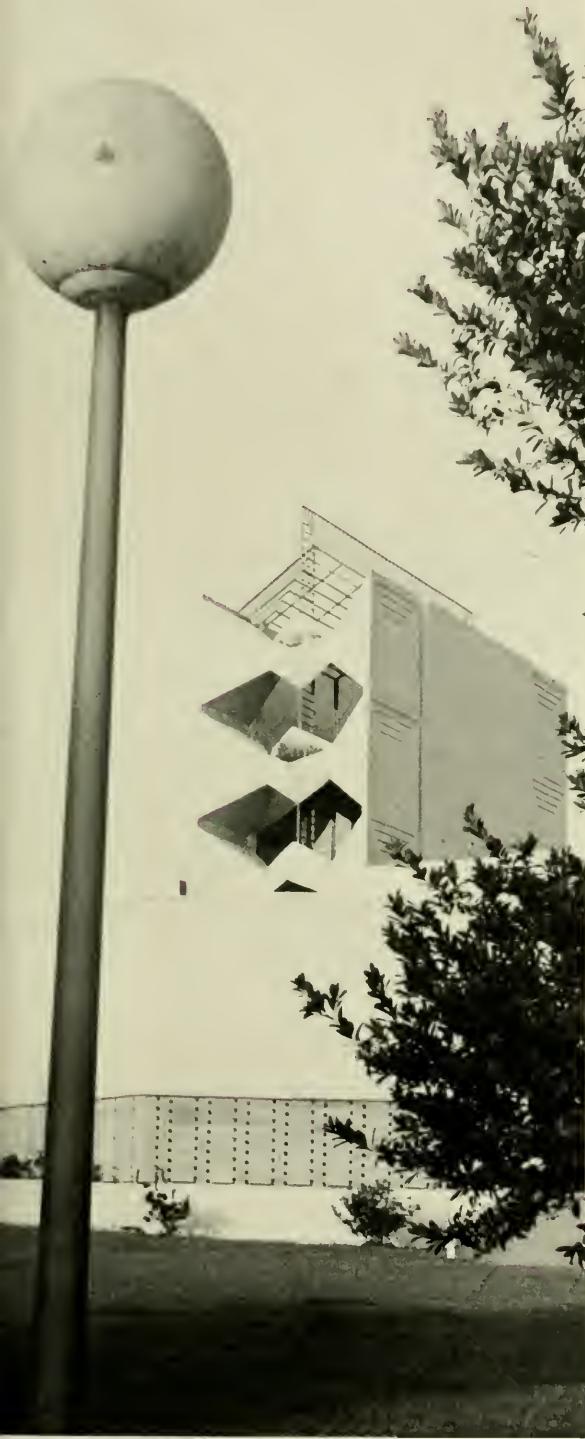

Pass by the halls of Polk Science almost any hour of the day and you'll find students contemplating any number of biology or physics problems; Annie Pfeiffer is the place where students of all faiths gather for fellowship. Its distinctive silhouette is easily recognized from anywhere on campus; the George Jenkins Fieldhouse is the place to find fans and athletes alike. Intercollegiate and intramural sports provide the chance for healthy competition and recreational exercise.

Just as it took many years of dedication and talent to build a college like Florida Southern, so it takes perseverance and a strong spirit to construct the education that is our ultimate goal while we are here.

Dedication

Dick Goding

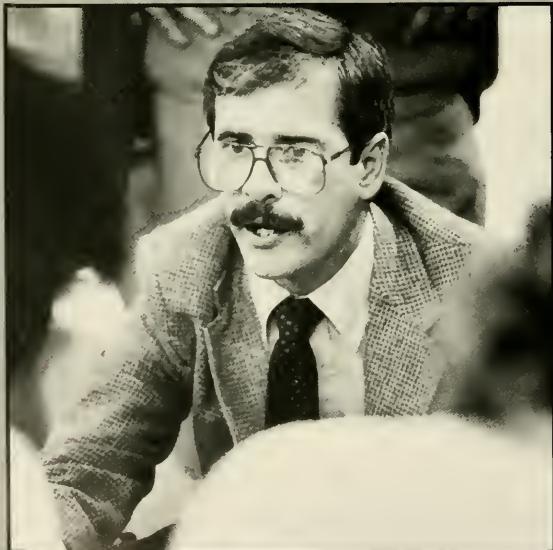

A friend and a gentleman. That is how he will be remembered. As a coach, he was always there for his players with kind, sympathetic and understanding words. As a former Moccasin basketball player, he gave 110% on the court, striving to carry on the Florida Southern tradition of excellence. Away from the arena of athletic competition, he typified the idea of the southern gentleman.

He touched many lives during his 38 years. Through his playing and coaching days, he always had time to listen to a friend's problems and offer advice. As an art teacher, he always took the time to share the beauty of art with his students.

As head coach of the Lady Moccasin basketball team, he coached his team to a combined 47-19 record with both Sunshine State Conference regular season and post-season championships. He was twice honored as conference Coach of the Year.

The 1986 Interlachen is respectfully dedicated to Dick Goding and the many memories he leaves with us.

Honorary Chancellor

Tom Monaghan, a man with many ties to the Lakeland area, has been named as the 1986 Honorary Chancellor for Florida Southern College.

Monaghan is the owner of the 1984 World Champion Detroit Tigers, whose spring training headquarters have been in Lakeland since 1936. He purchased the Tigers in 1984 and took the club to its first World Championship since 1968.

Monaghan is also the founder, chairman and president of Domino's Pizza, Inc. Domino's is the second largest pizza company and largest delivery chain in America.

Like Florida Southern College, Monaghan also has an interest in the architecture of Frank Lloyd Wright. He is currently involved in constructing a 56-story skyscraper based on a set of unfinished drawings by Wright.

President Robert A. Davis said of the selection of Monaghan, "We feel a definite kinship with Mr. Monaghan. Championship baseball, creative architecture and commitment to American free enterprise all symbolize a common interest that Florida Southern College shares with our 52nd Honorary Chancellor." Monaghan will become a part of a tradition which began in 1934.

Kappa Alpha Order was founded at Washington and Lee University in 1865. The Gamma Pi chapter was formed on Florida Southern College in 1958. Earning the Highest and Most Improved GPA Awards, and the Men's Intramural All Sports Award in 1985, KA has kept up the tradition of excellence since its inception. In the last two semesters along they have donated over \$2,600 to their National Philanthropy, Muscular Dystrophy Association. KA has not achieved such rewards through one individual's efforts, but through the pride and determination that our brotherhood is based on. Quality never goes out of style, therefore; neither will we.

PHI SIGMA KAPPA

Phi Sigma Kappa was founded March 15, 1873 at the Massachusetts Agricultural College, now the University of Massachusetts, by members of the secret society, known only as the "Tumbling T's. The six founding fathers based their society on the principles of Brotherhood, Scholarship, and character. Omega Triton chapter was founded April 2, 1950. The chapter supports its principles by maintaining an honest strong brotherhood, by winning national recognition: namely, the Wenderoth Scholarship, and by promoting individuality rather than conformity. Phi Sigs continue to support Special Olympics both bodily, and financially. Members seek ideals, do what others dream about, and never forget their motto: "Phi Sigma Kappa offers you not idle meadows and indolent shores, she offers you hills and a star."

PI KAPPA ALPHA

The Pi Kappa Alpha fraternity was founded on March 1, 1868 at the University of Virginia. The founding was attributed to the high ideals, characteristics and principles of Robertson Howard, Julius Edward Wood, James Benjamin Sclater, Jr., Frederick Southgate Taylor, Littleton Waller Tazewell (Bradford) and William Alexander, our founders. Our chapter, Delta-Delta, became the one-hundredth chapter back in 1946 and continued for 37 years maintaining a high quality of leadership. Now, under recolonization status, we continue to uphold lasting brotherhood, good times and the great tradition of Pi Kappa Alpha.

PI KAPPA PHI

Pi Kappa Phi was founded on Dec. 10, 1904 at Charleston, S.C. The three founding fathers, Andrew A. Kroeg, Jr., Simon Fogarty, Jr. and Laurence H. Mixon, established the traditions of excellence upon which the fraternity is based. For the past eight years, Pi Kappa Phi has been the fastest growing national fraternity. The Beta Beta Chapter was established at Florida Southern on Oct. 16, 1948. Their colors are gold, blue and white. The totem pole in front of their house stands as a representative of the Beta Beta Chapter. Their national philanthropy is Project Push, which provides handicapped children with a stimulative learning environment.

Florida Gamma was awarded an honorable mention for chapter efficiency at the 50th Annual Leadership School in Evanston, Ill. They were runners-up in the Province Nu-Epsilon softball tournament in Gainesville. They consistently have brothers on the Dean's List, showing their high academic dedication and tradition. They also have brothers who actively compete on the varsity baseball, cross-country, and soccer teams.

SIGMA CHI

Founded in 1855, the Sigma Chi fraternity is well recognized in the Greek world today. Likewise, the Epsilon Sigma Chapter, chartered in 1959, maintains a similar stature here at Florida Southern College, following the ideas represented in the white cross, a symbol of our fraternity. Through it all, Sigma Chi remains a privilege, a foundation for the future, and an eternal friendship. Sigma Chi is what others strive to be—an organization that knows no age.

SIGMA PHI EPSILON

Sigma Phi Epsilon was established on November 1, 1901 at Richmond College. Our own Florida Delta chapter was chartered at Florida Southern on May 28, 1949. Founded on the principles of virtue, diligence, and brotherly love, Sig Ep has grown from a group of twelve determined young men to the second largest national fraternity. Likewise, the Florida Delta chapter, using these same principles, has doubled in membership in the past year. The Sig Ep's philanthropy is the American Heart Association, and they raise money by sponsoring a Swim for Heart.

TAU KAPPA EPSILON

Tau Kappa Epsilon is the largest social fraternity in the world with over 300 active chapters. TKE was founded on January 10, 1899 at Illinois Wesleyan University in Bloomington, IL. The Beta Tau chapter was founded at Florida Southern in 1947. The Fraternity is based on the belief that the three essential elements of meaningful fraternal relations are love, charity, and esteem. The colors are cherry red and gray and the mythological ideal is Apollo. The chief geometric symbol of the fraternity is the equilateral triangle which becomes stronger within when force is applied from without. The TKE brothers will always cherish our Sweetheart Polly Watson and Mom Chisolm for their love and support throughout the years. Our chapter room was dedicated in the spring of 1985 to Mrs. Lilah Chisolm who has helped our chapter throughout her 18 years of dedicated service as housemother. We will also remember all of our little sisters, who through their affection and participation have made TKE a real gentleman's fraternity. Always remember-TKE is for life, and a Tradition of Excellence.

The Gamma Delta Chapter of Theta Chi began its FSC brotherhood in 1946 and has been growing stronger ever since. Although times have changed, the quality of brotherhood has not.
